Housing Opportunities
Foundation, Inc.

Our Mission

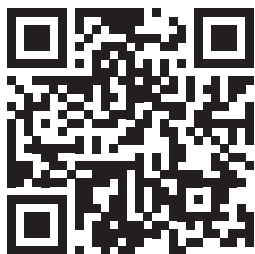

With the goal of assisting individuals in becoming homeowners, the NYSAR Housing Opportunities Foundation identifies outside partnership opportunities with organizations that facilitate homeownership and also provides direct support in the home buying process to low-to-moderate income families.

Making Homeownership a Reality

Between 2003 and 2025, the NYSAR Housing Opportunities Foundation helped more than 500 families across New York State become homeowners by awarding first-time homebuyer grants. The intention was to help defray ever-rising closing costs and the down payment expenditure.

The NYSAR Housing Opportunities Foundation reviews and awards first-time home buyer grants throughout the state of New York. In order to apply, applicants must be working with a REALTOR® and fall within the given guidelines.
